WHOLE FAMILY IN CONSPIRACY

(By Associated Press.)

EL PASO, April 13.—Indictments were returned in the United States district court against Mrs. Amelia Toenniges and Clarence and Josephine Toenniges, her son and daughter, and Henry Beach, all Germans, charged with "conspiracy to levy war against the United States by inducing and instigating Mexican military commanders to invade the United States."

Mrs. Toenniges and Beach were arrested recently following a raid by provost guards in a house in the Mexican section. Later the son and daughter were taken. Indictments were returned also against four Americans, J. E. Anderson, Bernard Schuster, Arthur Schuster and V. B. Andrews, charged with conspiracy to ship ammunition from Douglas to Mexico. Two Mexicans were indicted on the same charge.

RADIO APPARATUS ORDERED DOWN

Superintendent of Schools Dilworth received a letter this morning from the U. S. naval department at San Francisco containing the official order governing operation of aerial stations and contains the following paragraph of instruction:

"All aerial antennae or wires for radio or wireless communication, whether for transmitting or receiving, or both, must be taken down and all apparatus disconnected."

Complying with these orders the work of dismantling will begin tomorrow.

UNION AMALGAMATED BREAKS INTO ORE

Union Amalgamated is showing up better and stronger than the management expected as such an early stage of development and the indications are that the Union Amalgamated will be among the first to rank with the dividend payers of the new Manhattan. When the shaft was dewatered to the 600 foot point lateral work was started both east and west. Yesterday the west drift showed results some 25 feet ahead of where it was expected to strike the ore body and opened up a full face carrying values assaying \$32.60 per ton. The east drift cut the ore this morning at a distance of 40 feet from the shaft where assays gave returns of \$16, indicating that the company was coming into a strong ore shoot. Selected samples from the west drift ran as high as \$112 and Superintendent Durkee is enthusiastic over the prospect of soon entering the producing stage. The ore of the Union Amalgamated is free milling and does not require any roasting or complex treatment before bringing out the bullion.

HIGH CLASS COMPANY COMING NEXT WEEK

Tonopah playgoers have a treat in store. Announcement was made this morning that the Theodore Lorch Stock company, which has been playing in Phoenix for the past several weeks, will appear at the Butler Theater in Tonopah on the nights of Monday and Tuesday, April 16th and 17th.

The Lorch company is on its way to the Majestic Theater in Reno, hence the stop in Tonopah and Goldfield. It is an exceptionally high class organization of 12 people, carrying their own baggage car of special scenery and effects and some of the most popular plays now before the American public are included in their repertoire, among which are the following: "Kick In," "Under Cover," "Damaged Goods," "The Rosary," "Brewster's Millions," "Dr. Jekyll and Mr. Hyde," etc.

Mr. Lorch is an actor of likeable personality and great ability and particularly in the strange dual character of "Dr. Jekyll and Mr. Hyde" he is conceded to have no equal on the stage today. It was in this role that Mr. Lorch played Tonopah about eight years ago and at that time the admission price ranged from \$1.00 to \$2.00, however, on this occasion popular prices will prevail.

ZADIG HAS FAITH IN BULLFROG MINE

WILL TAKE UP THE SUNSET GROUP WHICH HAS BEEN WORKED BY VAN DYCK

Herman Zadig left this morning for the Bullfrog country, where he is going to take hold of the Sunset property which has been operating under the direction of Van Dyck, formerly of the Jumbo Ex. company of Goldfield. Mr. Zadig believes this property may be made to pay, especially that section known as the Denver claim, which is one of the most promising.

Regarding his Tonopah interests Mr. Zadig is more enthusiastic than ever and he has no doubt of the coming of a great revival in the immediate future.

"The North Star is looking better than it has for two years," remarked Mr. Zadig this morning, "and is shipping steadily. Another carload goes to the mill today. The mine is making money and last month was the best month in the experience of the past two years. We have quite a good piece of virgin ground above the 1050 level in the western end of which we expect to get some of our best ore. The Rescue continues to be one of the great properties of Tonopah and one that some day will be recognized at its true value. In the western end of the district we are waiting to install the pumping system on the Bonanza, but will not be able to start raising water until some time in July. We are able to get the pumps, but cannot secure deliveries on motor."

WEST END CREDITED WITH ENRICHMENT

SOMETHING SENSATIONAL SAID TO BE LURKING IN THE OHIO HOLDINGS OF THE COMPANY

West End has been in quiet but persistent demand for several days owing to the growing belief that the company has opened what will prove a rich ore body in the workings from the Ohio shaft. Assays coming from this part of the mine are said to show marked enrichment and the impression is gaining ground that the company has something better than ordinary in the new quarter. The old West End workings are producing the regular quota.

AMERICAN WARSHIPS

(Continued from Page One.)

Arrangements to patrol vigilantly the approaches to the chief American harbors will be carried out by American ships. It has been expected that Germany would formally announce a submarine blockade of Boston, New York, the mouth of the Delaware, the mouth of the Chesapeake, Charleston and Savannah. These are the arteries through which flows the main traffic in food stuffs and war supplies for Europe. Unless a blockade is declared Germany would be under the necessity of giving warning before attacking merchant craft under neutral flags.

Many naval officers doubt that any considerable number of German submarines can be spared from the task of blockading the British Isles for work on this side of the Atlantic. Sporadic operations within such prescribed areas are looked for, however.

The navy department has a considerable supply of submarine trap nets already available and more will be delivered within a few days. It is assumed that the approaches to American harbors will be fully protected in this way and the fleet of submarine chasers now being assembled, equipped and manned, distributed to comb the seas night and day.

The conferences with the visiting officials have dealt with many subjects. It is understood that not only will naval bases and other British and French ports on this side of the Atlantic be opened to American naval vessels, but that whenever need arises, ports on the French and British coasts will be placed at their disposal. An American naval port probably will be established at some future time on the Irish coast.

LONDON WOMEN WORKERS

(By Associated Press.)

LONDON, April 13.—Of the 2500 women conductors now employed on the London streetcars and omnibuses, nearly half were formerly in domestic service. About one-fourth were formerly shop clerks or office workers. One hundred and fifty new conductors are being employed weekly.

CONGRESS DEBATES ON THE BIG LOAN

MACHINERY TO PROVIDE SINKING FUNDS OF WAR BEGINS TO GRIND IN WASHINGTON

WASHINGTON, April 13.—Congressional machinery to grind out legislation to finance the war began to turn in the open today when the house began debate on the \$7,000,000,000 war revenue authorization measure. It probably will be passed by the house Saturday with only a few dissenting votes. Then while the senate is struggling with the measure the house will turn its attention to providing plans for raising money by taxes to pay a part of the war debt.

General debate, however, is likely to bring about heated discussion of many phases of the war situation, including the questions of sending troops abroad and conscription.

Secretary McAdoo is satisfied with the present outlook for its passage in the house. The house ways and means committee to which the bill was referred formally reported the measure back to the house with the recommendation that it pass.

AUSTRIA AND BULGARIA

(Continued from page one)

the course of the war and their apparent anxiety to negotiate directly and not through the medium of Germany. As both these countries are reported to be more eager for peace than their more powerful ally, a degree of hope is felt that their exigencies may force Germany to a more moderate stand and bring the day of ultimate peace nearer.

The recent public statement of Count Czernin, Austrian minister for foreign affairs, that the central powers stood ready for a conference and the widespread comment upon it in the press were interpreted here to indicate a growing desire for peace in the central empire. Similar statements by Bulgarian leaders strengthened the viewpoint.

Austria is understood to have been affected by war weariness and by the Russian revolution. It is generally felt here that the central empires have reached the maximum of their military strength and it is feared the upheaval across the border may find a decided echo among Austria's conglomerate and disaffected people. Food conditions, though satisfactory in agrarian Hungary, are serious in industrial Austria, and enthusiasm among the people has fallen off alarmingly. Bulgaria likewise is troubled by food shortage and the Russian revolution. The latter has brought again to the surface the old friendliness for the Russian people, and has injected into the question the decision of the ruling class to fight against their liberator. In a strictly military sense, however, Bulgaria is understood to be stronger than at any time during the war, as her losses have been negligible.

GET TOGETHER EVENT BRINGS A LETTER

The following letter received today by W. W. Booth, editor and manager of the Tonopah Bonanza, speaks for itself:

Tonopah, Nev., April 13, 1917.
Dear Bill: Your splendid editorial tribute in yesterday's Bonanza to my efforts in connection with Tonopah's patriotic parade was unexpected, and your whole hearted generosity in giving to me the principal credit and glory for the successful demonstration is deeply and sincerely appreciated.

However, I feel that you are entitled even more than I to credit for the undertaking, as the idea not only originated with you, but was so enthusiastically supported and put before the people through the columns of your paper, the Bonanza, that its success was a foregone conclusion. And I am sure the good people of Tonopah will long remember the magnificent spectacle which their "get together" parade made.

There were several silent, sincere helpers who gave me great assistance in the part I took, and I thank them all.

I wish you every success and believe any future effort you choose to make for the patriotic people of Tonopah will meet with a greater enthusiasm. Sincerely yours,
J. C. ROBERTSON.
